### A RARE BLEND

You can't go wrong when you go rare. Rare Red Pinot Noir is medium bodied with bright red berry flavors and a light touch of oak and soft tannins. Pair it with steak, chicken, cheese and even chocolate for a rare treat!

PRIME 1

With a long rib bone that gives the appearance of a hatchet, the Tomahawk Steak is as rich in history as it is in flavor. This legendary cut of meat dates back to the days of Rio Grande Cattle Drives when Texas cowboys used spices from Mexico to flavor their meals. Fortunately, you don't have to drive cattle to enjoy the taste of one of the most desirable steaks around. You can simply pick up an H-E-B Prime 1 Tomahawk Ribeye. Made from

USDA Prime Beef, and well-marbled with fat, this cut's impressive size makes a sophisticated presentation, but it's the juicy, mouthwatering taste that leaves a lasting impression. Season it with the classic flavors of peppercorn, garlic and spices found in Adams Reserve Peppercorn & Garlic Sear-N-Crust Rub. This rub caramelizes on the surface while the spices penetrate deep for delicious flavor each and every time.

### These SPEARS Will DISAPPEAR

Big tropical taste in snack sized bites is what you get with our fresh Pineapple Spears. We've removed the fruit's prickly exterior and sliced the sweet, juicy flesh into bite-sized spears that are perfect for snacking. Try tossing them on the grill for a delicious dessert. Find them in the produce department.
