

Trouble reading your prescription labels? Now there's a Solution!

1. How does ScripTalk work?

Our pharmacy will attach a small electronic tag or talking label to your prescription container. It contains the same data that is on the printed label. Place the container on the Script Talk Station Reader and hear the label information spoken aloud.

2. How do I get talking labels?

Talk to one of our H-E-B Pharmacy staff at a participating location to get started with the program.

3. How much does ScripTalk cost?

As part of *En-Vision America's Pharmacy Freedom Program*, the ScripTalk Station Reader is supplied on loan to patients at no cost. This is a **FREE** program.

4. Which H-E-B Pharmacy locations currently offer disability services?

Abilene

- H-E-B at 1345 Barrow (325-690-5011)

Alamo

- H-E-B at 1211 East Frontage Rd (956-702-7550)
